

OPENING TO THE 80's

THE 16th PRESENTATION OF

by the

SCOUTS AND GUIDES OF BOX HILL

Hi!

I'm Kaylene, this is my 3rd year in the Showtime cast and it has been fantastic once again.

You might not believe this but the people you will see on stage tonight are only about half of the people who help make Showtime a real success. One great thing about Showtime is getting to know all the wonderful people involved in the show, especially all those cute guys you bump into backstage!

The production team, the band, and the entire backstage crew have worked extremely hard to get this year's show right, and so, as the curtains rise for tonight's show sit tight in your seats and prepare yourselves for a spectacular and I assure you an enjoyable show.

Bye for now

Kaylene.

THE PRODUCER'S LAMENT

I hope you have enjoyed this years performance of "Whitehorse Show time". We certainly enjoyed preparing it for you.

By all standards "Showtime" is a big enterprise—over one hundred and fifty people involved, approaching five thousand man hours of effort.

There are almost as many people involved in the planning and production—as there are members of the cast.

One of the good parts of Scout and Guide training is to be involved in big enterprises. Scouts and Guides together in "Showtime" have the opportunity to learn co-ordination, to experience being part of some thing big, to enjoy the fun and fellowship and the hard work involved in the production and presentation of something for the enjoyment of others.

Your appreciation of the show is the icing on the cake.

Bill Oakley
