# WHITEHORSE SHOWTIME '76

Hi,

It's great to see you in the audience for this our twelfth show. The show would not be possible without the support of all you mums and dads, scouts, guides and friends, and everyone on stage tonight will tell you what a difference it makes to have an audience to laugh and cheer at the appropriate times . . .

We are very proud of the seventy members of our cast — even Rick has remarked on how talented they are this year! In fact, the superb quality of tonight's second half has been conceived and produced by the performers.

In addition, most of the songs and sketches in tonight's show are enjoying their World Premiere, having been written by our men in Sydney and Canberra.

So sit back and enjoy the result of four months work by about a hundred people, and perhaps continue this enjoyment at home with tapes of past shows, available in the foyer.

## PROGRAMME

1. Opening — Blast Off '76
