**VERSE 1**

1. Everybody's got to learn to take whatever comes
2. No one's life is ever going to be just full of plums
3. We've found a solution when the darkest cloud appears
4. And it has been a winner through the years

**CHORUS**

5. Oh, so as we go along,
6. We've got a little song
7. We keep on singing night and day
8. When all is said and done
9. We've had a lot of fun
10. That nobody can ever take away
11. That nobody can ever take away

**VERSE 2**

12. Whitehorse Showtime started out in 1965
13. Through the years the smiles and tears we've kept the spirit alive
14. **Sixty-One** shows later and we hope you've enjoyed our show
15. There's just one thing to say before we go

**CHORUS**

16. Oh, so as we go along,
17. We've got a little song
18. We keep on singing night and day
19. When all is said and done
20. We've had a lot of fun
21. That nobody can ever take away
22. That nobody can ever take away
